

YOUTH WORK IRELAND

Oireachtas Briefing 2025

Our “Youth Work For All” campaign demands that every young person in Ireland has a right to a youth work support or services in their community. With a new Government, Dáil, and Seanad, we are calling for practical support to turn this vision into reality by:

Providing catch up funding to reach pre-financial crash levels, and to cope with critical inflationary impacts and support to youth clubs.

€10.5m

Regularising the treatment of frontline youth workers following the WRC recommendation on S.39, S.10 and S.54 which does not apply to them despite doing the same work.

€10.5m

Establishing a significant capital programme for youth facilities similar to other EU countries, supported by rainy day funds.

€15m
1 Year

Youth Work Ireland is a Federation of 20 member youth services located across Ireland who provide quality supports and services to young people, their families and local communities.

Join us on Wednesday April 9th in the Freemasons Hall, Molesworth Street from 12pm-3pm
